SELECTED FILMS

Ivane Javakhishvili - Tbilisi State University

Historical AI film (2:48). Sole creator; direct client. Higgsfield, Runway, Midjourney and GPT Image 2.0.

Material & motion

A short furniture film built around material detail and a product reveal. Visual direction, AI generation and editing. Made during agency employment.

Spaces, in motion

A short architectural film built around courtyards, water and light. Visual direction, AI generation and editing. Made during agency employment.

FOUNDER VENTURES

AI IA Labs / GamIA and Mzia

I lead both projects and am responsible for the whole architecture. GamIA has regular daily players. Product building informs how I explain ideas through film.
